

THE STANDARD RESPONSE PROTOCOL Half-Day Seminar

An Introduction to the Standard Response Protocol

ABOUT THE STANDARD RESPONSE PROTOCOL

The Standard Response Protocol (SRP) provides clear, common language and coordinated actions for all hazards. The SRP is based on five actions: Hold, Secure, Lockdown, Evacuate, and Shelter.

ABOUT THE SEMINAR

The Standard Response Protocol (SRP) Half-Day Seminar introduces the history, concepts and functionality of the SRP and covers how to train your organization on the program.

Participants will gain a deep understanding of how the SRP provides a proven, action-based enhancement to all-hazards school safety planning. After learning about the five actions of the SRP, and their associated directives, participants will be able to implement the program and enhance the safety plans of their school/district. With a deep understanding of the program, participants will be able take it back to their organization with a recognition of how it can be used in managing daily operational school-based events and the ability to field relevant questions regarding the SRP.

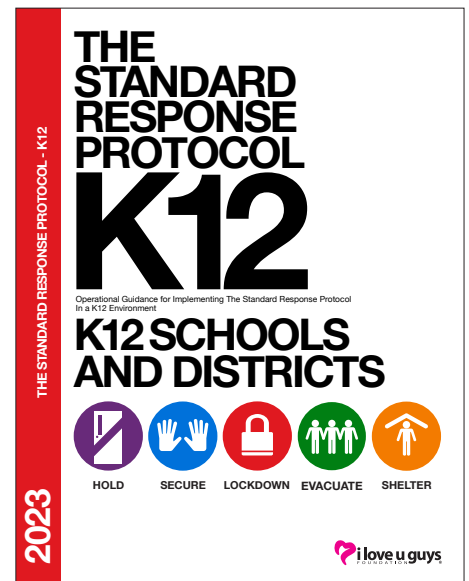

WHO SHOULD ATTEND

Educators, Administrators, School and District Safety Teams, Campus Supervisors, Law Enforcement, Fire/EMS, Emergency Managers, Victim Advocates
