

THE STANDARD RESPONSE PROTOCOL & THE STANDARD REUNIFICATION METHOD

Full-Day Train the Trainer Workshop

An Advanced Introduction to the Standard Response Protocol and the Standard Reunification Method

ABOUT THE STANDARD RESPONSE PROTOCOL AND STANDARD REUNIFICATION METHOD

The Standard Response Protocol (SRP) and Standard Reunification Method (SRM) are used for crisis response and post-crisis reunification in more than 78,000 schools, districts, departments, agencies, organizations and communities around the world.

ABOUT THE SEMINAR

The Full Day Train the Trainer Workshop introduces participants to the history, concepts and functionality of the SRP and SRM and how to train the programs internally.

Participants will walk away from the workshop with a deep understanding of how the SRP provides a proven, action-based enhancement to all-hazards school safety planning. After learning about the five actions of the SRP, and their associated directives, participants will be able to implement the program and enhance the safety plans of their school/district.

Additionally, participants will gain an understanding of the proven methods for planning, practicing and achieving a successful reunification using the SRM. They will leave the workshop with the ability to organize a reunification team in their school/district and create an effective reunification plan.

WHO SHOULD ATTEND

Educators, Administrators, School and District Safety Teams, Campus Supervisors, Law Enforcement, Fire/EMS, Emergency Managers, Victim Advocates
